Thanks to the tireless energy and inspiring vision of Marco Mencoboni, *Officium*, a work originally released by Jan Garbarek and the Hilliard Ensemble in 1994, has been brought to life once again by the Cantar Lontano Ensemble and Gavino Murgia.

In this exciting new version Murgia's visceral singing and Saxophone add an intense ethnic jazz touch to the warm and Italianate notes of the male voice quartet. What's more this tribute is just the start: stay tuned for more new exciting repertoire coming soon!
